Item 639-01 – **1788 letter from Quebec to Madeira Archipelago** – 1788, grain market and exchange letter from Quebec dated July 6 1788, signed Robert Lester Company, to Newton Gordon & Johnson (*spirits and wine merchants*), Madeira Islands, Portugal. Endorsed “per Steamer Brothers” Capt Flynn. Most likely a West Indies private trader. Lester was an Irish Quebecer businessman, militia officer, politician, and landowner. He arrived at Quebec around 1770, and by 1772 he had established himself there as a merchant. In the winter of 1775–76, during the siege of the city he was a captain of militia. His residence and business were at 7 Rue Saint-Pierre. Gradually he built up a trade based principally on the import, for wholesale marketing, of cloth and spirits and on the export of wheat. Some separations at fold. \$2,000.00

He was also the clerk to Deputy Postmaster General Stayner. In 1857, he assumed the position of DPMG. As a result of confederation, the post offices of Canada, Nova Scotia, and New Brunswick became the charge of the dominion government, and in 1868 Griffin was made deputy postmaster general of the enlarged operation. During Griffin's years with the dominion, he created the post office savings bank, a postal convention was negotiated with the Americans and over the entire period the number of post offices grew from some 3,500 to more than 7,500.

ADMINISTRATIVE SERVICES

OTTAWA, 31st May, 1937.

Charles W. Loomis, Esq.,
56 Church Street,
TORONTO, Ontario.

Dear Sir:-

We have your letter of the 28th instant on the subject of air mail between Canada and San Juan, Puerto Rico, and in reply may say that the air mail rate to that country is 25¢ per $\frac{1}{2}$ ounce.

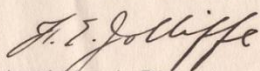

As regards the difference between the rates in the opposite direction, the air mail rates from Canada are based of necessity on the charges we have to pay for intermediary services en route to destination. In this case such charges for intermediary services are set by the United States, and we have no option but to pay whatever they ask and set our rates accordingly.

We would like to be able to offer a lower postage rate for air mail to Puerto Rico, but until lower transportation rates beyond the United States are available we will not be in a position to do so.

The rates from Puerto Rico are, of course, a matter over which we have no control as the Postal Administration of Puerto Rico properly has the right to fix whatever rate it chooses.

I should like to add, however, that the situation is being kept under close observation, and should any change occur that would afford us an opportunity of reducing our air mail rates, we would be only too glad to take advantage of it immediately.

Yours truly,

Assistant Director,
Administrative Services.

R TOTAL WAR

I am just an ordinary citizen who votes in your
riding and I thought you would be pleased to receive
my views. May I request that you express your
opinion on this vital subject openly on the floor
of Parliament.

I believe the most efficient and honourable way
for Canada to prosecute Total War is by Compulsory
Selective Service without restrictions. The Govern-
ment of Canada should introduce this measure so
that men who are best on the farms will be placed
on the farms; those who are most helpful in the
factories will work in the factories, and those best
fitted will serve in the armed forces, wherever needed.
Such a plan is fair to all the people of Canada.

In my house there are the
following voters who endorse
this view and have signed their
names:
